I would like to thank you in the name of my whole family for the thorough and meticulous work you have done in preparing the proof documents, which finally led us all to get our Permanent Residency or Green Card. Eventhough gathering proofs can sometimes be tiresome the results however are joyful. Again I would like to thank you for your wonderful work, patience with your clients and smiling face. You have been so helpful and all along doing it as if it were your own. May the Lord bless and guide you and your family as you continue to serve his people as an Attorney. Sincerely yours,

Good teamwork! The credit belongs to you. It has been a challenge to keep up with your work drive and unconditional support. You have earned the respect of [my company] and myself with your professionalism. You do have a position at [our company]. I was just talking with our plant manager regarding the great job you were doing with [Engineer #1] and [Engineer #2] and the fact that without your expertise we might not have been able to have a chance to bring them in. In summary, from now on, you will be our key immigration consultant.

Dear Evelyne Hart,
I hope you are well. Just to let you know that [son] had his interview in London on [date]. Everything went well and he has now got his greencard. As you can imaginee its like a "dream come true" [Son] had to go back to England to live in 2000 due to the circumstances. By August 2004, it looks like [son] will be re-united with me, maybe earlier I have to sort a few things out first.
I am overwhelmed with happiness. I cried so much when he told me the news!! [Son] is so excited and "Thanks you" so much for helping me, so that we can both be together again. Once again "Thank you" so much for the endless help and support you gave me. You are such a kind hearted person. I cannot express how much this means to me.

I'm so glad you went with us [to the interview.] You were so organized the interview only lasted 10 minutes and if it were us we would still be fumbling up there.

Letter from HR Resources Manager to other HR Resources Manager:

Hi [name],

Ms. Evelyne Hart is the most professional and capable immigration attorney I have worked with. [name of subsidiary] is part of a worldwide corporation, [name of corporation] and as most corporations we had our corporate immigration attorneys. Last year we had 2 difficult cases and I started the visa process with our corporate attorneys leading to a conclusion that we were not going to be able to get their H1-B visa.

Ms. Hart came along as a reference from one of the visa candidates since she is fluent in French and language seem to be a part of the difficulty to handle their cases. She was able to come up with great strategies to present their cases. We even got challenged by Immigration on one of the cases and she handled it in a very effective, professional and promptly manner. Both visas were approved.

Mr. Hart excels in her ability to understand the process and structure information in a way that if the case is challenged, she is prepared with various alternatives to move the process along. She is very detail oriented. I was most impressed with her work ethics and her disposition to get things accomplished in a record time working around the clock (and I mean 24/7 even on Holidays). She, by far, exceeded my expectations at all times. Needless to say, it was always a

pleasure to work with her; she is very customer service oriented.
Her fees are very reasonable and her service is priceless; especially when no one else is able to get the results needed.
[Name of company] will continue to use her services and I will highly recommend her to anyone seeking for a top immigration attorney. Please feel free to call me if you want more detail information.
Best regards,

F.R., HR Manager, Corona, California

Hello, Evelyne,
Happy New Year! May the warm and love surround you throughout the year!
PS. Thank you for helping me move my mother here and thank you for the nice Christmas card. My mother is fine here. She is getting all her paper with a speed of "the light". I even wanted to send a thank you note to INS, but stopped myself.
Wish all the best.
